

We are the best!

A letter from Marcel

Dear colleague,

Thank you for looking into my lesson activity on Nationalism in Football. I hope you find it enjoyable and most of all useful to use this teaching activity in your lessons.

I have tried to make the lesson activity as flexible as possible so that it can be adapted to everyone's wishes. This applies to level, duration and sources. As far as the sources are concerned, I have limited myself to image sources, but the exercise can of course be performed with written sources.

I am very curious about your experiences. I would appreciate it if you contacted me through EuroClio to share them.

Good luck and have fun.

With kind regards,

Drs. Marcel J.M. Put
